RE: Letter of recommendation – Nano Deionized Aqua Solution containing Nano Silver Ag+ Surface protecting coating

Bidvest Car Rental, a Division of McCarthy (Pty) Limited has contracted Nanogistix (Pty) Ltd to meet our Covid 19 Compliance specifications for deep cleansing sanitation.

Nano Deionized Aqua Solution containing Nano Silver Ag+, an anti-pathogenic solution surface protection was used in the sanitation process due to its lasting protection up to 90 days and mostly due to the properties of **nanoparticles sanitation**.

This product was specifically selected to ensure the safety of our customers and staff entering our premises and to remain in line with our compliance specification.

All our corporate offices situated in the Free State and Northern Cape that is operating as a Level 4 Essential Service Provider were treated with Nano Deionized Aqua Solution containing Nano Silver Ag+. As organisations prepare to return to work, Airports Company South Africa (ACSA) and all Airport Stakeholders need to implement measures to prevent the spread of Covid-19 between employees, passengers and other airport users. Bidvest Car Rental has contracted Nanogistix (Pty) Ltd to apply the same product to all our airport locations in Bloemfontein, Kimberley and Upington. Our operation extends to the onsite corporate office at the University of the Free State as well as our corporate office located at Sishen Airport, managed and owned by Anglo American. As a stakeholder located at the premises of the above-mentioned operations, it is of utmost importance to maintain our reputation in the tourism and corporate industry to ensure that we meet the health and sanitation requirements.

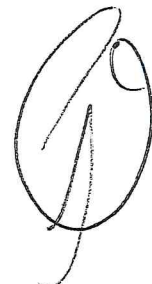

We observed that the application of the product does not leave any residue on the surfaces treated or leave any unpleasant odour. We hereby recommend the use of Nano Deionized Aqua Solution containing Nano Silver Ag+ as an effective sanitizer.

We received the certification of Nanogistix (Pty) Ltd as well as the certification from Skylife Solutions (Pty) Ltd. Cleaning Service whom administered the product application. With this certification, we have met the requirements to operate as a Level 4 Essential Service Provider.

We have submitted the certification to the Department of Labour as well as Bidvest McCarthy, McCarthy Group Audit Services (MGAS). The audit scope will constitute a review of the effectiveness of controls as per the Group Opening Protocols, as well as any other testing found necessary to provide assurance to management of the effectiveness of controls to mitigate significant risks in the business. We await the results of the audit and is confident that we will meet a "GOOD" audit result.

I trust the information will assist Nanogistix (Pty) Ltd with this letter of recommendation.

Yours sincerely
